HOW YOUR SUPPORT HELPS

Your support helps Pets Of The Homeless provide **pet food, essential veterinary care** and **emergency shelter for pets** when their people are facing hardship. Together, we can protect the bond that brings comfort, companionship and hope when life feels uncertain.

NO ONE SHOULD HAVE TO CHOOSE BETWEEN GETTING HELP AND KEEPING THEIR PET

For someone experiencing homelessness, family violence or financial hardship, a pet can be their closest companion and sometimes their only family. But when crisis strikes, the cost of pet food, an unexpected vet bill or a lack of pet-friendly accommodation can put that bond at risk.

Pets Of The Homeless helps people care for their pets through some of the toughest times in their lives. From filling an empty food bowl to providing a safe place for a pet while their person finds their feet, our support helps families stay together.
